### PLEASE NOTE : MFA COMPULSORY FROM MAY 2024

Dear BCP Users,

To strengthen the security of our platform, we will be rolling out **MFA (multi-factor authentication)** this year.

What is MFA? **MFA or multi-factor authentication** is an effective way to increase protection of our user accounts, by adding on another layer of security to the login process.

On **June 15, 2023** we proceeded with the first step in this roll-out: **optional MFA**. This means that you don't yet need to enable MFA to login into the BCP. However, we strongly recommend you enable multi-factor authentication as soon as possible, to keep your business data safe.

In **May 2024**, the second and last step in this roll-out will take place: **mandatory MFA**. This means that you will not be able to login the way you're currently used to and will need to enable multi-factor authentication to access the BCP.

Click [here](#) for the manual on how to enable MFA and [here](#) for the FAQs.

**Please note: once you have set up MFA, please do not remove your authenticator app. You will need this every time you log into the BCP. Additionally, with MFA account sharing will not be possible going forward. If you have any concerns or questions about the MFA roll-out, please reach out to [helpdesk@bettercotton.org](mailto:helpdesk@bettercotton.org)**
